The **GALS Bibliographic Library** contains abstracts of recent law journal articles exploring international labor standards and rights in the global economy. Taken from English language law journals from around the world, **GALS** provides an annotated bibliography categorized by subject heading. Current subject headings include: *Codes of Conduct, Child Labor, NAFTA, WTO, Alien Tort Claims Act, ILO, European Union, Forced Labor, Trade Conditionalty, Women's Rights, etc.*

The database allows researchers to search or browse the archive of current and previously posted abstracts by subject, author, journal, date, or keyword.

The GALS Bibliographic Library contains direct links to **Westlaw** and **Lexis**, where you can get the full text of the articles. You will find these links in the PDF version of the GALS Newsletter as well. A Westlaw or Lexis Password is required to activate these links. The Westlaw link also permits users who do not have a Westlaw password to obtain full text versions of articles on a single-use basis.
